

# MR. McREYNOLDS' OPINION AWAITED

He May Differ with State and Treasury Department Interpretation.

## TREATY RIGHTS AT STAKE

Russia, France, and Brazil Likely to Be Victims of Tariff Discrimination.

Attorney General McReynolds will interpret the 5 per cent discriminatory duty clause in the tariff law differently than the State and Treasury Departments have construed it, according to intimations yesterday. The impression is growing that the Attorney General will hold that the 5 per cent reduction in duty shall not be granted to American vessels in cases where it would conflict with the treaty rights of any nation.

Under the interpretation put upon the law by State and Treasury Department officials, 5 per cent reduction was to be granted to American vessels in all cases, and the same reduction to the ships of foreign governments with which the United States had treaties guaranteeing them against any discriminatory duties. Under the construction which Mr. McReynolds is likely to put upon the law, the deduction will not be granted at all in cases where such treaty guarantees exist.

This would mean that there are only three countries, Russia, France, and Brazil, against which the discriminatory duties could be applied. This interpretation would have the government an estimated loss of about \$10,000,000 a year, but would be likely to lead to tariff complications, not only with these three countries, but with other nations as well.

### Firm Against Repeal.

It was learned yesterday that President Wilson will stand with Chairman Underwood against any effort to repeal this section of the tariff law. This stand of the President undoubtedly means that the clause as finally interpreted by the Attorney General will be enforced, and that in cases where foreign nations seriously object the present commercial treaties with them will have to be abrogated.

Great interest was expressed yesterday in statements attributed to Mr. Underwood that Congress in granting this 5 per cent discount intended to give the President reasons for abandoning the present existing ship treaties with many of the large maritime nations. Mr. Underwood insisted that the provision represented a carefully considered scheme to rehabilitate the American merchant marine in the same way that the merchant marine was built up before the present commercial treaties were negotiated. He believes that the United States should get rid of these treaties providing for reciprocal overseas commerce.

If this was the intent of Congress, it is a remarkable fact that nowhere was it disclosed in the course of the debate that the rebate clause was intended as an excuse for abrogating these treaties. In fact, the clause was given only a cursory consideration in Congress and Mr. Underwood explained it merely as a measure designed to uphold American shipping.

### Opinion Due Soon.

Solicitor Falk, of the Department of State, yesterday talked informally with officials of the Department of Justice, and was informed that Mr. McReynolds' opinion would be rendered in a few days. It is the expectation at the State and Treasury Departments that their view, that the discount must be given to most foreign ships in order to American vessels, because of treaty obligations of the United States, will be upheld by the Attorney General.

### Flies Have Narrow Escape.

Tarrytown, N. Y., Oct. 15.—Back with Hensons and J. V. Verhulst, and a narrow escape from death today when the Curtiss hydro-aeroplane, in which they attempted to fly from Oakwood Heights to Housen, became unmanageable and they were forced to descend in the Hudson River.

After considerable difficulty the hydro was driven to Tarrytown through the water.

# The Slim Woman Is Winning

The day of the slim woman's triumph has arrived. "The thinner one is the more stylish," say the dressmakers. This would have been said with a new fervor for the slim woman a year ago. She would have been to try dieting or exercise. Nowadays, however, the woman who is too fat for the style is a danger to her health and a case of Marmola's Prescription Tablets, one of which she takes after each meal and at bedtime, and as reduces her superfluous flesh quickly.

These tablets, being made in accordance with the famous prescription, are perfectly harmless and they are the most economical preparation a person can buy, for they cost only 15 cents a large box, one of which is sufficient to reduce 15 to 20 pounds a day. Pretty nearly every dropper keeps this tablet in stock, but should you be sold out, you can easily obtain a case by sending to the makers, the Marmola Company, Farmington Building, Detroit, Mich.

# SOCIAL BETTERMENT PROGRAM REPRESENTED IN THE BUDGET

The new District budget represents a broad municipal program for social betterment, and is the first definite indication of the policies of the new Commissioners.

Approximately \$2,500,000 is provided for the public schools. A new municipal lodging-house, municipal hospital, and a hospital for indigents are included.

An initial appropriation of about \$1,000,000 for the development of the water power at Great Falls is asked.

Increased appropriations are asked for the Health Department, the Public Library, and the Playgrounds Department.

More than \$100,000 is requested for the work of the Public Utilities Commission.

Provisions are included for the establishment of a model fish market, warehouses for District supplies, and for a District reformatory on a site near Occoquan.

The bulk of street and lighting improvements requested is for the Northeast and the Southeast. The one new park asked for is situated in the Northeast.
